FOOD SHORTAGE INCITES A MOB

Hungry And Unemployed Army Of
5,000 Storm City Hall In Menacing Demonstration

TEN WOUNDED IN THE RUSH

Central Government Must Move
Quickly To Thwart Red Outbreaks
In Saxony And Thuringia

By CARL D. GROAT
(U. P. Staff Correspondent)

Berlin, Oct. 16.—Five thousand hungry unemployed stormed the main city hall near Alexander Platz today in one of the most menacing demonstrations since the food shortage became so acute.

At least ten are known to have been wounded in the rush when police cordon advanced on the mob and drove the most daring of the demonstrators back five blocks from the building.

Still determined, the crowds rushed to the Borsig where the brokers were seen hurriedly leaving the building and seeking refuge in less conspicuous places.

Wilhelmstrasse was closed today as a precautionary measure.

With the first of the German government's financial reforms ready to relieve the growing hunger and destitution of the country, new and stronger measures are demanded in Chancellor Stressemann's own paper to check the threatened break-up of the republic.

"Die Zeit," in an article apparently inspired by the chancellor or some one well acquainted with his views, today declared the central government must move energetically to thwart red outbreaks said to be brewing in Saxony and Thuringia.

Scars played last night on the market place buildings in Salzgitter to detect any attempt at looting, and squads of soldiers were ready to deal with mobs while in other parts of the country, even in Berlin itself, rioting arising from desperation over inability to obtain food was wide-spread.

The government's first dictatorial measure to stabilize money values will, it is announced, be the establishment of a renten-bank which will issue the "rentenmark," up to one milliard gold marks, guaranteed by mortgages of land, industry and commerce.

INVESTIGATE THEFT IN CARTHAGE HOME

Sheriff Hunt And Chief Blackburn
Called Following Robbery Of
John Gates' Home

FURNISHINGS CARRIED AWAY

Sheriff Hunt and Police Chief Blackburn were in Carthage Monday night investigating the robbery of the residence of John Gates, owner of a variety store in that place, who called in the authorities and also employed a detective from Indianapolis to assist in tracing what he believed was several clues.

The dwelling house was entered Sunday during his absence, and a considerable amount of furnishings were carried away, including all of the bed linen, table linen, fancy work and personal belongings of his wife.

His gold watch was also in the list of things taken but a diamond ring and a locket ring were left on a table, pinned to a cover, and were probably overlooked at the last minute by the thieves. Entrance was gained with a pass-key at the front door.

Mrs. Gates has been taking treatment in a hospital at Indianapolis, and was expected home this week.

Several possible clues were being worked on. The loot was valued at several hundred dollars, according to Mr. Gates.

ILL WITH INFLUENZA

Mrs. John Cooning is ill at her home in North Sexton street, suffering with the influenza.

T. M. GREEN TAKEN HOME

T. M. Green who has been at the Dr. Frank H. Green hospital several weeks following an operation for gall stones, was removed to his home today.

UNLAWFUL DRIVING CHARGED

Ether Swift Of Indianapolis Returned Here For Trial

Ether Swift, 27, who lives at 920 East Market St. Indianapolis, was arrested in that city Monday night on a charge preferred against him in the city court of Rushville, and he was returned here this afternoon by Police Chief Blackburn who went to Indianapolis for him today.

He is charged with unlawfully driving a motor vehicle, and other alleged violations of the vehicle law, following an automobile accident at Arlington a week ago last Sunday. His machine figured in a collision with another machine, and Francis M. Christensen, 1808 Mansfield Avenue, Indianapolis, preferred the charges against him in the court here. The defendant will probably be arraigned before Mayor Thomas Wednesday.

FARM PROBLEMS ARE DISCUSSED

Men From Widely Separated Parts
Of Rush County Speak To Rotary
Club Today Noon

FARMER CAN SAVE HIMSELF

Unanimous In Opinion That He Can
Work Out His Own Problems--
Against Price Fixing

Following up two previous meetings, in which the needs and advantages of Rushville were discussed, the Rotary club today heard speakers from widely separated parts of the county deal with the condition of the farmers.

They were unanimous in their opinion that the farmer would work out his own destiny, that legislation would not cure any of his ills and that he did not need any further credit.

Elmer Hutchinson of Arlington spoke on "The Prince of Wheat And Its Relation to The Community"; Will Logan of Noble township, on—"Absentee Landlordism"; Walter Richey of Anderson township on "The Co-operative Spirit"; Carl Miller, agricultural teacher in the Walker township schools, on "Vocational Education"; Wilbur Gray of Jackson township, on "Hog Production"; Bert Benner, cashier of the First National Bank of Mays, on "Shall The Farmer Be Extended More Credit," and Dr. C. L. Smullen of Raleigh, on "The Co-operation of Towns of the County With The County Seat and The Remainder of The County."

Other guests present today were Sidney Sapp of Holbrook, Arizona, a Rotarian, and Elmer Stevens of Orange, whom he is visiting, and Dick Wilson of Laurel.

Mr. Hutchinson said that three factors control the price of wheat, namely: The wheat on the market, the invisible supply, which has to be estimated, and what the farmer will produce during the next year.

"The farmer will work out his own problems," he said, "if the politicians will leave him alone. The fellow who is howling the most is the one whose business was inflated the most during the war. The government can not solve his problems by fixing the price of wheat."

He asserted the sooner the government waxes out the Adamson act and allows individualism to assert itself, just so much sooner will the farmer recover.

Mr. Logan declared that there were some instances when an absent landlord may be excused for leaving his business, but that a man never reaches the stage where he can afford to cease to be a builder.

"One set of men can't prosper and another set of men fail," he continued. "We don't ask you to pity us. But when our business suffers, yours will also. No man can base prosperity on another's adversity. Our prosperity is founded on our service to others."

Mr. Richey affirmed that the co-operation of farmers with merchants of the main towns especially the county seat, is of vital importance, that it is as absurd to eliminate merchants as to attempt to maintain a general commonwealth without farmers and the producing class."

Mr. Miller expressed the opinion Continued on Page Five

WILL WONDERS NEVER CEASE?

PHYSICAL TEST REPORT IS MADE

Many Defective Children Found As
Result Of Examination At
Jackson School

SOME WITHOUT DEFECTS

Dr. Lee And Assistants Complete
Work And Are Now Examining
Pupils At Havens School

The physical examination of school children, started at the beginning of the school term, has been completed at the Jackson building, and a report made of defects found among the children, and the work is now being continued at the Havens building.

The work of examining the school children is in charge of Dr. J. M. Lee, the school physician, assisted by the Woman's Council visiting nurse and by Mrs. Allie Aldridge, a member of the school board.

It is the record that the Children Welfare Association has taken each year in order to locate the physically defective children whose parents are not able to pay for the corrections.

The association has made it a practice to pay for the correction of the defects upon consent of the parents, and much good has been accomplished in the past few years by the association in correcting the defects of the children, who otherwise would have to suffer.

Defects found among the pupils of the Jackson school building are numerous, with some very serious ailments which will have to be corrected at once, or the health of the pupil will be retarded.

In the list of defects at this school appears the following: throat 125; nose 18; eyes 49; glands 130; teeth 82; skin 8; ears, 5; heart 9; and lungs 2.

There were several pupils in the building however, who were physically without defects, and those were listed as follows:

Denzel Sweet, Lowell Waggoner, Robert Kinnear, Virginia Payne, Frances Beale, Thelma Pate, Jefferson Jones, Dora Glare, Lucy Webb, Curtis Hester, Loretta Abernathy, Mable Cox, Herschell McCrory, Thomas Dugle, Betty Flechart, Geneva Gohring, Ruth Sanders, Ruby Campbell, and Evelyn Martin.

It will take several days to complete the work at the Havens school, as Dr. Lee and his assistants work only of mornings.

MRS. MALINDA J. CROSS DIES

Wife Of William Cross Expires This
Morning At Age Of 73

Mrs. Malinda J. Cross, wife of William Cross, died this morning about eight o'clock at the family residence, corner of Willow and Eighth streets, death resulting from a long illness of a complication of diseases.

The deceased was 73 years of age, and had lived the greater portion of her life in this city and county. Several children survive, with the husband.

The funeral services will be held Thursday afternoon at two o'clock at the late residence, in charge of the Rev. L. E. Brown, and burial will be made in East Hill cemetery.

EXECUTIVES COME FOR CONFERENCE

Gov. McRae Is Busy Today Arranging
Final Details To Entertain
Visiting Governors

31 EXPECTED TO ATTEND

After Meeting In Indianapolis They
Will Proceed To West Baden For
Their Session

(By United Press)

Indianapolis, Ind., Oct. 16.—Gov. Warren T. McRae, host to the 15th annual governor's conference, was busy around the state capitol today making final preparations to entertain the 31 visiting governors who will meet here Wednesday morning before proceeding to West Baden, Ind., where the conference is to be held.

The state executives began arriving today, most of them going directly to meet McRae.

Upon adjournment of the conference Friday, most of the governors plan to go to Washington where they have been invited to a conference called by President Coolidge.

Following are the governors who have notified McRae they would attend the annual session:

W. W. Brandon, Alabama; William E. Sweet, Colorado; Charles Templeton, Connecticut; William D. Denney, Delaware; Cary A. Hardee, Florida; Clifford M. Walker, Georgia; John Hammill, acting governor of Iowa; John M. Parker, Louisiana; Pereival P. Baxter, Maine; Chaney H. Cox, Massachusetts; Alex J. Groesback, Michigan; J. A. O.

EIGHTEEN DAYS TO PAY TAX

Collections Will Have to Average
\$20,000 Daily if All is Paid

With the last day for paying the fall installment of taxes only eighteen days away, taxpayers are beginning to pay their taxes in increasing numbers each day, the collections on the fall payment to date amounting to \$78,879.29.

It is estimated that the fall installment on the tax duplicates amounts to \$440,000. This leaves a balance of \$361,121 to be paid in eighteen days. If the total of the fall installment is collected, payments will have to average approximately \$20,000 a day.

CARRIES CASE TO AMERICAN PEOPLE

Lloyd George Not Disturbed by Cautious White House Spokesman
Who Expects Nothing

HOPES PEOPLE WILL ACT

Having No Official Status, Former British Premier Wishes to Arouse Sentiment

By LAWRENCE MARTIN
(U. P. Staff Correspondent)

With Lloyd George, St. Charles, Ill., Oct. 16—Lloyd George is out to carry his case for American aid in settling world problems directly to the people.

He is not disturbed by the fact that the administration at Washington, speaking through the cautious White House spokesman, has stated it is not expected that anything will come of the Lloyd George plan for preserving world peace through an American-British understanding.

Lloyd George does not expect the American government to do anything now about this idea of his. He does not expect anything to come of it ever unless the American people impel their government to action. He cannot speak to governments; he has no official status.

But he always has been an expert at talking to the common people.

He believes that if the American common people understand that until they throw the weight of their influence into the scales of peace, there will be no peace in Europe, they will demand that Washington take whatever steps can be taken, in consonance with American traditions to do that.

Having sounded his message yesterday a big enthusiastic audience of northwesterners, Lloyd George intends to keep on sounding it in every section of the country where he speaks.

STOCKHOLDERS URGED TO ACT

Letter Received Here Calls on Owners of Dollings Stock to Help Untangle Muddle

PROTECTIVE COMMITTEE PLEA

Chairman Says Many Enterprises Backed by Dollings Company Are Sound: Few Insolvent

In an attempt to get in immediate communication with all stockholders of the late R. L. Dollings company and its subsidiaries, which experienced one of the most sensational financial crashes in business history a few months ago, John A. Bushnell, chairman of the Dollings' Stockholders' Protective Committee, of Columbus, Ohio, has written to Rushville civic organizations asking that they do everything possible to bring the attention of stockholders to the necessity of communicating with him at once in order that they may aid in the attempt to save all or part of their monetary investments.

Mr. Bushnell, in his letter, states that the committee has made a thorough investigation of the wreck of the Dollings enterprises and has found that a number of the subsidiaries are sound, that some have their capitalization only slightly impaired, that a few are insolvent, and that in some instances reorganization will be necessary.

While it is admitted in the letter that in view of the inter-relationships of the various corporations no definite information as to the assets can be given out until the audits of the receivers are completed, it is believed that new hope may be held out for the ultimate recovery of a good percentage of the total investments of stockholders, provided they will co-operate at once with the committee, which consists of one representative stockholder from each of the companies affected, with Mr. Bushnell as chairman.

Mr. Bushnell's letter states that the committee is acting upon six lines, first, in all cases pending for the appointment of a receiver to press for the naming of a man with the interests of the stockholders at heart, second, to fight the appointment of a receiver where such appointment is not justifiable; third, to have receivership lifted where a company is operating on a sound basis;

fourth to take such legal action as is proper in cases where fraudulent representation is found to have been made by a company or its agents, fifth to submit plans of reorganization where reorganization is necessary, and, sixth, to keep stock

THREE AUCTION SALES REPORTED A SUCCESS

Gartin Farm Sold to Georgetown, Ky. Buyer For \$109.50 an Acre—Phillip's Hogs Sell Well

STAPLES SALE IN RICHLAND

Three auction sales in Rush county attracted many buyers Monday, when the Gartin land sale, the Staples personal property sale and the Phillips hog sales, were conducted in different sections of the county.

The farm sale of the J. W. Gartin farm, located 2½ miles northeast of Rushville, consisting of 164½ acres, was sold at auction to Braxton Harper of Georgetown, Ky., for \$109.50 an acre. This farm was formerly the Jersey Isle stock farm, and was at one time owned by A. P. Walker, and later sold to Mr. Gartin who is now living in California.

The C. M. Phillip's hog sale at Arlington consisted of 50 Durac hogs, and the average for the entire bunch was \$21.50. In this sale was included one of the winners in the Ton Litter class for the county, and the 12 pigs in the litter brought \$320. The highest gilt brought \$36 and the best boar was bid at \$30. Mr. Phillip's said that the sale was satisfactory in all points.

The personal property sale of T. B. Staples of Richland township was held yesterday, and everything that was offered sold good. Two sows and pigs brought over \$50 each.

So Writes Woman After
Taking Lydia E. Pinkham's
Vegetable Compound

Jamestown N. Y.—"I was nervous, easily excited and discouraged and had no ambition. Part of the time I was not able to sit up as I suffered with pains in my back and with weakness. I took Lydia E. Pinkham's Vegetable Compound, both the liquid and tablet forms, and used Lydia E. Pinkham's Sanative Wash for inflammation. Today I am real well and run a rooming house and do the work. I recommend your medicine to every woman who complains, and you may use my letter to help any one else. I am passing through the Change of Life now and I keep the Vegetable Compound in the house, ready to take when I feel the need of it."—Mrs. ALICE D. DAVIS, 203 W. Second St., Jamestown, N. Y.

Often some slight derangement may cause a general upset condition of the whole system, indicated by such symptoms as nervousness, backache, lack of ambition and general weakness.

Lydia E. Pinkham's Vegetable Compound will be found a splendid medicine for such troubles. In many cases it has removed the cause of the trouble.

SURE DELIVERANCE:—Surely He shall deliver thee from the snare of the fowler, and from the noisome pestilence.—Psalm 91: 3.

Another Tragedy
The American people are watching a tragedy that is being enacted in Chicago.

The mayor of that city—Mr. Dever—is enforcing the anti-boozey law without fear or favor, and the three millions of citizens are gasping with amazement over the manner in which he is carrying out his announced determination to make the city "bone dry".

The advocates of clean city government are overjoyed.

Reputable citizens who like an occasional "swig" are maintaining a "pained and parched" silence.

Boozeleggers and the underworld generally are raging like caged lions.

The licenses of a thousand saloons, soft drink parlors and drug stores have been revoked for selling booze.

Chicago, which a few weeks ago was as wet as the Atlantic ocean, is rapidly becoming as dry as the desert of Sahara.

One lone man—the mayor—is doing what all of the federal-prohibition and law enforcement officials combined have dismal failed to do. He is making the city dry.

The real tragedy, however, is yet to come.

A man engaged in such a laudable

undertaking for the benefit of an entire city should receive the united support of all law abiding people.

An outsider would naturally expect to see popular demonstrations of approval held in all parts of the city in order to extend to the mayor the moral support to which he is entitled, irrespective of political considerations.

But the majority of Chicago's "better class of citizens" do not carry their convictions that far.

They are delighted at the turn of affairs. Being delighted costs nothing—not even an effort.

Getting behind the mayor in his "mopping up" campaign, however, is another thing. It requires an effort, and it necessitates the taking of a definite public stand for law enforcement and common decency.

Many of them think that is not good business. They have customers on both sides.

Others view the mopping up process with a complacent approval that begins and ends with complacent approval.

The mayor will win out for a time, but in the end he will be crucified by the underworld and the boozey runners and the unscrupulous politicians for the sole reason that Chicago's "better class of citizens" will be too indifferent or too timid to interfere.

And what is true in Chicago is also true of nearly every city in the United States—and of many smaller ones.

It is the tragedy of attempting to do right—a lesson which every law abiding citizen the country over should take to himself.

Community Harmony

Community harmony is wonderful. Its absence is lamentable.

With harmony there is much that a community can accomplish. Without it there is little that can be done.

One group of citizens can hardly secure needed improvements if other groups are knifing the project in the back.

It is fortunate that we do not all think exactly alike, because many of us are married and that would complicate matters tremendously.

But there is no reason why a common ground can not be found upon which opposing groups can meet and work in harmony for civic development and moral improvement.

Turn the thought over in your mind for a while. It may develop a better one.

Sixth Game In Chicago Championship Series On Today

Chicago, Oct. 16.—Sixth game in the Chicago championship series was to be played today with the White Sox having a 3 to 2 edge over the Cubs as a result of yesterday's win.

Willie Kamm, the \$100,000 wonder knocked in the three deciding runs with two circuit clouts and the Sox won 7 to 4. Friberg, Vogal and Collins also made four base hits.

The weather today was cloudy and warm.

If the Sox win today, they win the championship. If the Cubs win, the deciding game will be played tomorrow.

New York, Oct. 16—George Burns, outfielder of the Cincinnati Reds and a former Giant star, will succeed Fred Mitchell as manager of the Boston Braves, according to information received today by the United Press.

CLASSES PHOTOGRAPHED

The high school today was being photographed, according to their classes, and preparations are being made early by the Seniors in publishing the Headline, the high school annual that will appear in the spring. The Freshmen, Sophomore, Junior and Senior classes all had their turn in being photographed, and they marched down to the court house, where they were grouped on the north steps. It was decided this year to have the pictures taken at the court house instead of the school, as a change of back ground would be affected.

Cunningham's wild heave from centerfield in the eighth inning accounted for one of the five runs the Yankees scored in the eighth inning of the last game of the world series, Monday, after Nehf had forced in two runs with free tickets.

TRAFFICKING IN DIPLOMAS ALLEGED

St. Louis, Mo., Oct. 16—The St. Louis Star today published an "expose" of a nation-wide ring alleged to have been engaged in trafficking in fraudulent medical university diplomas and high school certificates of graduation.

Acting on the newspaper's evidence, Circuit Attorney Howard Siden of St. Louis and Prosecuting Attorney Barney, Kansas City, ordered the arrests of four alleged leaders.

The four: Prof. W. P. Sachs, 54, former examiner of the Missouri department of public schools, former dean of the St. Louis National University of Arts and Sciences.

Dr. Ralph Voight, 58, physician and surgeon of Kansas City, Mo.

Dr. Robert A. D. Cox, 63, retired physician and surgeon, St. Louis.

Dr. E. R. Alexander, 45, dean of the Kansas City University of Medicine and Surgery, Kansas City, Mo.

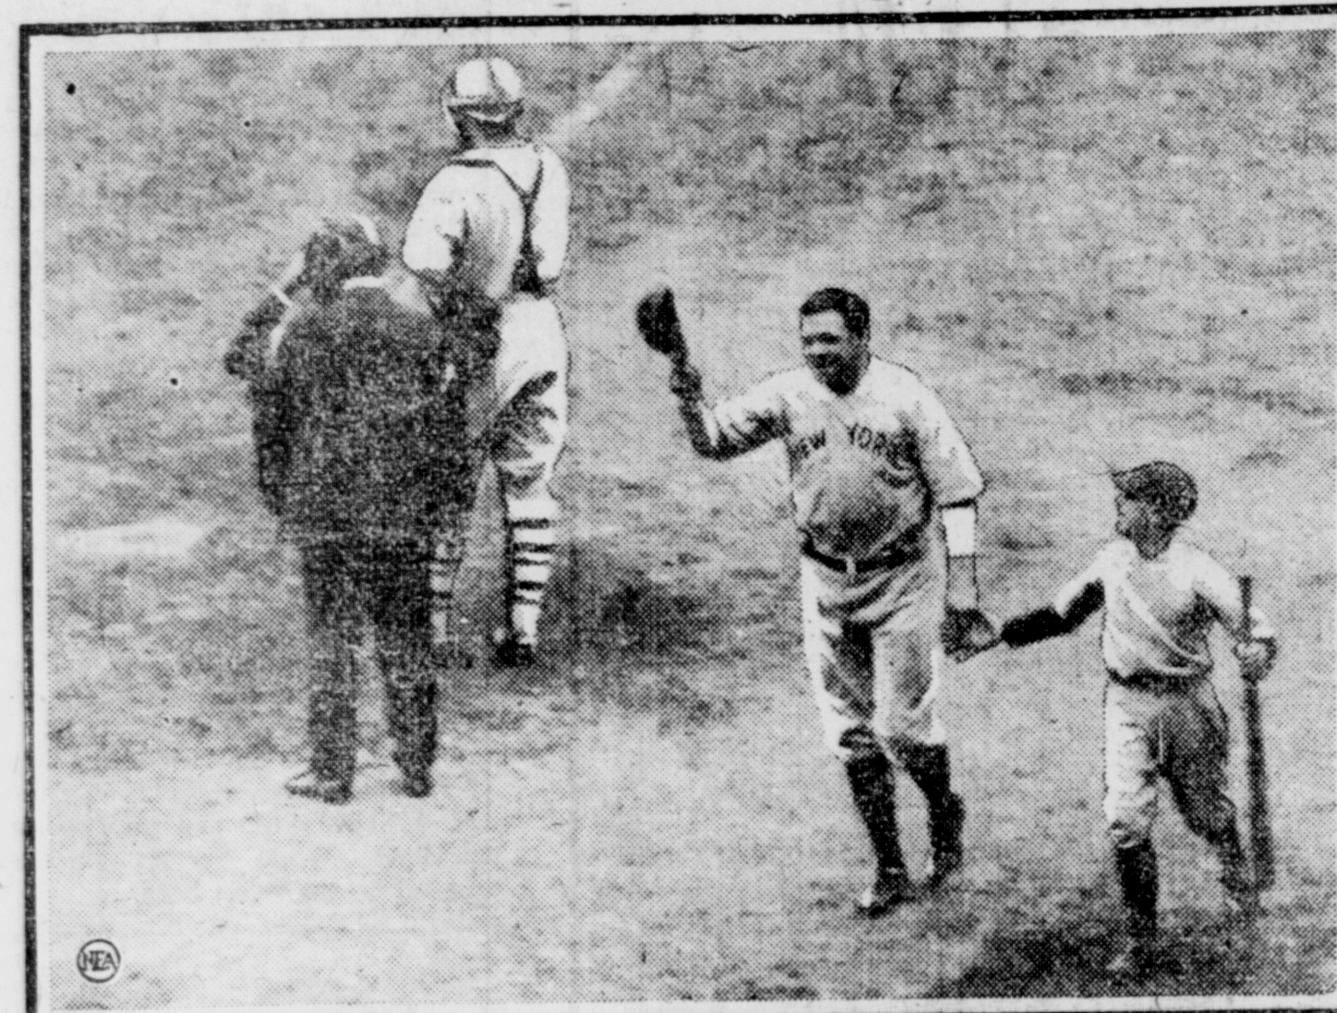

The evidence was gathered in St. Louis, Kansas City, Denver, and Salt Lake City.

One of the star's reporters secured a "degree of doctor of medicine" after spending \$3,000, the paper declared, in less than two months.

Clinton—When W. E. Moore, 23, attempted to help up George Minnett at his miners' supply store, his intended victim knocked him out of the store. The police picked Moore out of the street and took him to the jail instead of the hospital. He was fined \$25 and costs for carrying concealed weapons.

BULLFIGHTS GIVING WAY to Football Over in Spain

Washington, Oct. 12—The immemorial bullfight, which is considered the "National Sport" of Spain, now has a formidable rival in soccer football, according to cable advices received by the Department of Commerce from its consul at Malaga, Spain.

With the virtual passing of the sword and red blanket exhibitions, American sporting goods manufacturing establishments have an opportunity to create a fair market for their goods, the consul also revealed.

Soccer football, which is played throughout northern Spain, was first introduced to Malaga in 1921, when troops en route to Spanish Morocco, including a crack soccer team, challenged the city to a series of games for the benefit of wounded soldiers.

"With a desire to aid in raising funds for the soldiers and acquire knowledge of the game," the report stated, "a team was organized, the challenge accepted and soccer had come to stay."

"Curiosity drew the spectators to the first games, but gradually this curiosity grew into interest and now these same individuals are anxiously waiting for each Sunday's game. Scheduled games are widely advertised by placards on the streets and in all conspicuous places. When matches are played, special cars are put into service to accommodate the crowds seeking transportation to the playing field, located about two miles from the center of the city. Plans are being formulated for the enlargement of the seating capacity of the field, which now holds 7,000. At every match thousands are turned away because of limited accommodations within the enclosure," the report stated.

The Seville Fair, one of the elaborate functions of the year, now opens with a soccer match instead of a bullfight, as was the custom in past years. In recent years small boys could be seen daily in the parks and on vacant lots practicing the different "passes" the bullfighters must perfect, but now they are seen kicking around an old hat to resemble a football while some of those who are fortunate enough to have the price are pushing a regulation soccer ball about.

It is estimated that during the past two years, 1,200 footballs and 250 complete uniforms were sold.

Because of its highly scientific design, the Firestone Maxi-Cushion closely approaches the ideal tire for all light and medium duty service.

The depression pockets at the sides permit great resilience—a buoyancy almost equal to a pneumatic. The solid, all-rubber construction eliminates the weakness of internal cavities and results in the long mileage characteristic of solid tires.

The Maxi-Cushion is built high of solid, tough rubber from base to tread.

You can see what you are getting. You can always determine the condition your tire is in and the approximate mileage you can expect from it.

Keep your light and medium duty trucks on the job. Provide them with the right tire equipment—Maxi-Cushions—and add to your profit per truck per day.

We have complete equipment for quick tire changes and other truck tire work of any nature. Call on us for the tires and service that will cut your hauling costs to the lowest figure.

Greensburg High School Team Expects to Make Good Showing in Basketball This Year

OPEN AT SHELBYVILLE

Coach Strohl, Formerly of Franklin, is Putting His Squad Through Special Practice

Greensburg, Ind., Oct. 12—The local high school opens its basketball schedule for the coming season on November 2 at Shelbyville where the team is slated to meet Coach Campbell's protégés who have been persistently unconquerable in the past few seasons.

Coach Stanley Strohl, ex-Franklin grid and court star, who is fast whipping a hard fast team out of the candidates that reported on the local high school hardwood when the call for men was issued, stated today that he was greatly pleased with the progress of the boys and that he

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities. Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

THEATRES MOVIES

Barthelmess at Princess

Richard Barthelmess goes back to the Virginia mountains, the location of his unforgettable "Tol'able David" for his most recent First National picture, "The Bond Boy," which will be shown at the Princess again today.

As Joe Newbolt, impoverished son of aristocratic parents, he is forced to bind himself out to Isom Chase to work until he is twenty-one. The humiliating part of it is that Chase is the new owner of the Newbold farm, having gotten possession of it when Joe's father a visionary inventor, was forced to relinquish it to his one time hired man.

How Chase is accidentally killed in an unfortunate martial tangle, how Joe is arrested for murder and condemned, how he effects his thrilling escape, solves the mystery and brings about his own freedom and happiness these incidents are dramatically woven into a charming love story in this screen version of George Washington Ogden's fascinating tale.

The production, which was directed by Henry King, is heralded as a screen sensation. With Barthelmess appears an imposing cast, including Mary Thurman as leading lady, Charles Hill Mailes as Isom Chase, Virginia Magee as the ingenue, Mary Alden as the star's screen mother, Lawrence D'Orsay, Robert Williams,

son, Leslie King, Jerry Sinclair, Thomas McGuire and Lucia Backus Seger.

"Dollar Devils," Mystic

"Dollar Devils" is the title of the thrilling drama to be unfolded in the picture play at the Mystic theatre tonight. A brief synopsis of the story, which follows, reveals an unusual story:

A serpent, however, entered this peaceful Eden, in the form of one Bruce Merlin, a notorious crook. He had flirted with Helen on the train, and had won her confidence with his smooth tongue and well-groomed exterior. Helming looked like a fertile field for his operations, and he decided to stop off a while. He lost no time in laying his plans to fleece these innocent folks. He posed as an oil expert, and the banker and business men promptly fell in with his plan to organize a stock company and drill for oil. In the meantime Jim blind to the real worth of Amy, resented Helen's preference for Merlin. Jim secured the drilling contract with old Zannon's financial help. Overhearing a conversation between Merlin and one of his confederates, in which it was disclosed that they were being swindled, Jim pleaded with Andrews not to put in any more money. Helen, however, accused Jim of jealousy, and Andrews forthwith called on Merlin

with an addition ten thousand dollars. To prevent Merlin from leaving town with the money, Zannon and Jim planned a daring coup—to kidnap Merlin before the astonished eyes of Andrews. After a terrific encounter with Merlin, with Zannon calmly acting as referee, Jim forces him to sign a confession.

SUITS ON ACCOUNTS

Two civil suits were filed today in Justice Steech's court, each being complaints on accounts, filed by Sidney L. Hunt, a former hardware merchant of this city. In one complaint he demands \$75 judgment from Jesse Stout and in the other the case is against A. J. Jackson, with the demand for \$12 judgment. Each complaint is for merchandise purchased and alleged to be unpaid. The cases will be heard Saturday, October 20.

FIGHT RESUMED IN NEW YORK

Mrs. Stokes Prepared to Refute Testimony of Husband's Witnesses

New York, Oct. 16—Mrs. Helen Elwood Stokes' fight against her husband's suit for divorce will be resumed here today, following a day of recanting by three of Stokes' witnesses.

Three negroes who were sure Mrs. Stokes was the "red haired woman" they had seen on different occasions in the apartment of Edgar T. Wallace were not so sure of her identity, when Samuel Untermyer, Mrs. Stokes' attorney, put them under cross-examination.

Mrs. Stokes returned yesterday from her trip from Bunceton, Mo., armed with evidence, which she says, will refute testimony given by her husband's witnesses that she was in the little Missouri town 19 years ago with Wallace, named as chief correspondent in her husband's suit.

Chance For Little Ring Fellows

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Oct. 16—Some of the little fellows who didn't get near the festive tables that were set all during the summer will have a chance to pick up some crumbs during the indoor boxing season.

Practically all of the big champ-

tenders" under a roof. They are the best drawing cards in the game.

Jim Coffroth has been talking about using Dempsey in a fight during the winter season at Tijuana, but it is doubtful that he can find an opponent who would be a card good enough to draw the gate necessary to pay the champion.

Coffroth was talking some about matching Harry Wills and Dempsey, but from reliable information it was learned that he was using Wills only as a camouflage and that he never intended to use the colored fighter, as he considers him a very poor attraction in California, where Wills has made four very bad fights.

Wills should be able to get some work around New York if he gets down off his high horse and forgets that he is "the logical contender". As long as the colored challenger of

the champion refuses to do anything asked of him, it will become more and more apparent that he does not care to take any chances and that he is desirous only of a big loser's end with the champion.

Battling Siki, being a curiosity, ought to be able to get some good purses next winter if the New York boxing commission is able to learn which of the six or seven who claim his contract is his real manager.

Tommy Gibbons ought to get anything he wants for fighting this winter and there should be plenty of work for him. Promoters all over the country would like to use him but he is booked up almost through the winter with vaudeville and movie contracts. Perhaps he is making a lot of money from these outside sources, but he is losing many opportunities for some fine purses.

Tex Rickard would like to put Gibbons on in three shows in Madison Square Garden. It has been suggested that Gibbons fight Floyd Johnson, and Gibbons is willing if a date suitable to both of them can be arranged. Other bouts for the St. Paul heavyweight have been suggested with Jack Renault, the Canadian heavyweight, who has been stepping along almost sensationaly. Leo Flynn, however, would want a lot of money to get Renault knocked over. He wanted \$30,000 to let Bill Brennan fight Gibbons more than a year ago.

Gibbons would like to have Mike McTigue or Gene Tunney, from whom it would be possible to get a light heavyweight title, but neither one of them will have a thing to do with the only fighter who ever went to the limit against the heavyweight champion.

Take a look at Sporting Goods Windows during Remington Sportsmen's Week October 15th to 20th.

The New Remington Game Loads

Be sure to see them—the biggest advance ever made in loaded shot shells. Produced as the result of important Remington discoveries about powder. There is a Remington Game Load for every kind of game in this locality. Each one is loaded to give safe and uniform velocity, pattern and penetration—the right shooting quality for that particular kind of game.

The load pictured above is the Remington Heavy Duck Load. It comes in 12-gauge with either No. 4, 5 or 6 Shot and in 20-gauge (the hard hitting 2½" shell) in No. 6, 7 or 7½ Shot. The velocity, pattern and penetration are right for big ducks, and for long range shooting when they are flying high. Sure and safe!

Remington Game Loads are loaded in the famous Nitro Club Wetproof Shells. Here is the complete list:

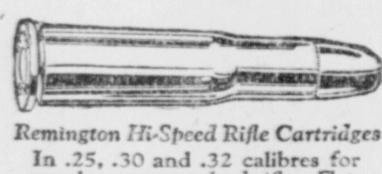

DUCK LOAD	RABBIT LOAD	SQUIRREL LOAD
HEAVY DUCK LOAD	QUAIL LOAD	SNIPE LOAD
GOOSE LOAD	GROUSE LOAD	DOVE LOAD
BUCK SHOT LOAD	TRAP LOAD	

Powder varies—Remington Game Loads do not!

Remington Metallics

The first successful metallic cartridges ever made were produced by Remington 65 years ago. Practically every betterment in rifle and pistol ammunition has been invented and developed by Remington. Dependability and accuracy make Remington Cartridges outsell all others.

Remington .22 Long Rifle "Palma" Cartridges

Beyond question the most uniform small bore ammunition ever developed. The super-accurate .22 long rifle cartridges.

Remington Lesmok .22 Longs and .22 Shorts

With the new Remington primer. Developed to give the owner of the .22 a dependable sure-fire load.

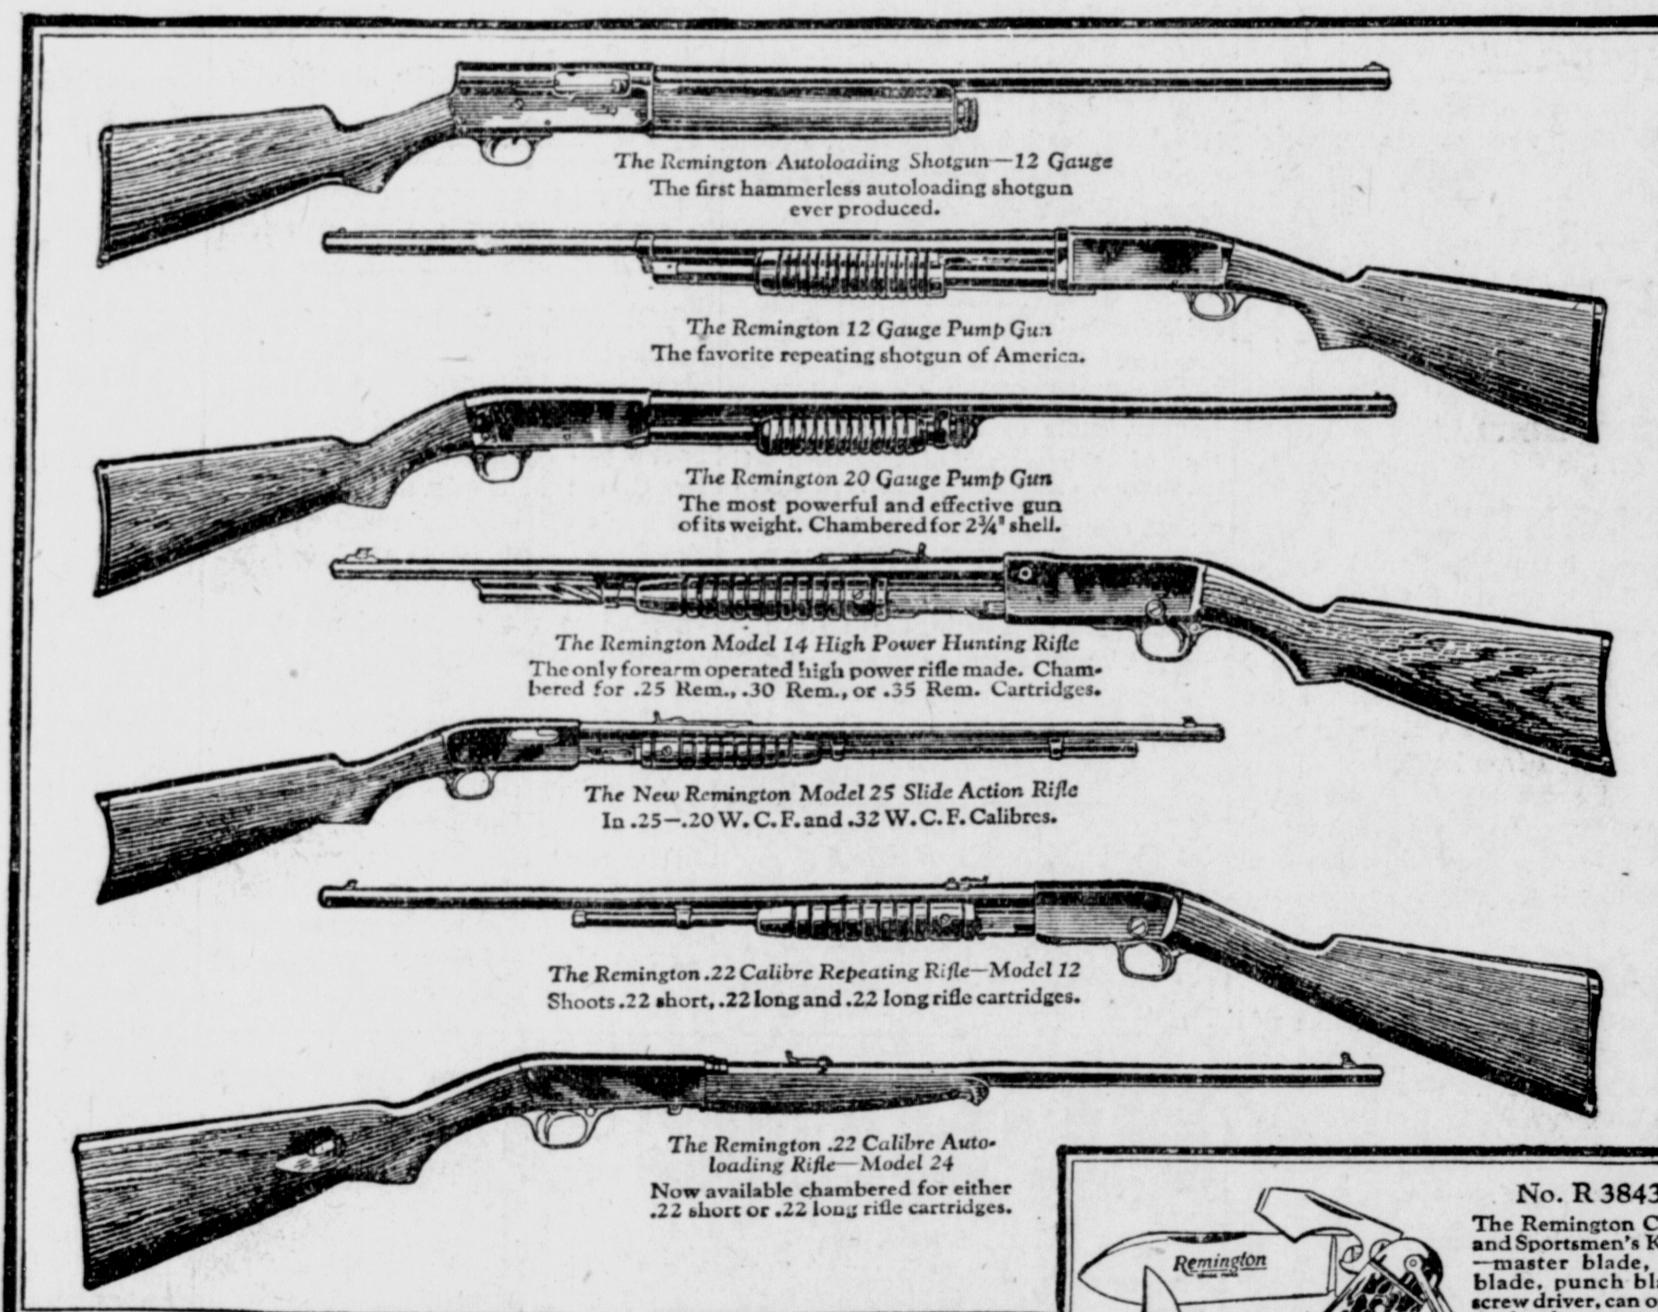

THIS week, hardware and sporting goods dealers here in town and the Remington Arms Company are working together to help you and every other sportsman look around and enjoy yourselves.

STEEL MARKET IS IN SLIGHT SLUMP

Seasonal Declines in Automobile Production Caused Reduction in Output of Steel Mills

GOOD 1924 BUSINESS SEEN

Decline in Production Expected to Continue Throughout October And Possibly Into December

By BRUCE SHORT
President, The Engineering Sales Corporation

(Written for United Press)

Indianapolis, Ind., Oct. 16—Seasonal declines in automobile production has caused a slight slump in the steel market and forecasts a still further reduction in the output of the mills. Two purposes are behind the curtailment of the motor industry, one being the slackened winter demand and the other being attributed to reduction of stock for inventory.

Data issued by the steel mills for September business showed a further reduction of about six percent in the output of pig iron. The decline is expected to continue throughout October and possibly into December. Fifteen blast furnaces were blown out in the U. S. during September. The significance of this number being closed may be more readily seen in realization of the fact that there are only 295 blast furnaces in the entire nation.

Despite this present condition in the steel industry, steel producers foresee a satisfactory business in 1924, even in the face of a presidential election, when business conditions usually are not sound. Business has looked behind the smoke screen of politics and found that the dire calamities predicted by professional politicians in event of their defeat have not materialized in the past. This observation was followed by the realization that conditions are not dependent upon the political outcome of any election so much as they depend on the extent of personal energy and perseverance exercised by the general public.

So far as steel prices are concerned and so far as the steel market affects all other lines of endeavor, there has been no radical change in conditions except for the slump in production. The only price change in several weeks took place last week when hot rolled strip steel was reduced \$3 a ton. In view of the curtailed production and rising costs, the chances are against any further appreciable reductions.

MANY LIVESTOCK OWNERS GET BETTER SIRES SIGN

Wide distribution of the lithographed sign "Purebred Sires Exclusively Used On This Farm" is now being made by the United States Department of Agriculture in cooperation with the states in connection with their "Better Sires—Better Stock" activities. Many of the signs are being distributed to persons who already have enrolled in the organized plan for livestock improvement through better sires, but requests are also being received from persons who have seen the sign and wish to qualify for it.

According to department records, more than 12,000 livestock owners in the country are now known to be using purebred sires for all classes of livestock kept. These persons have agreed also to follow methods leading to further improvement.

FAIR MADE MONEY

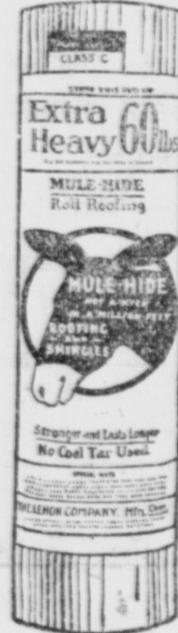

Warsaw, Ind., Oct. 16.—The annual Kosciusko county fair, recently conducted in this city, resulted in a profit for the fair management. Favorable weather conditions brought the largest crowds that have attended the fairs in recent years. No rain insurance was carried this year and no rain fell. Many concession stands, however, did carry rain insurance. Ice cream wafe stands, for instance, paid \$7 a day for each stand as a premium. In event of a rain of one tenth of an inch on any day of the fair they were entitled to recover \$100 from the insurance company.

FOOD SHORTAGE INCITES A MOB

Hungry And Unemployed Army Of
5,000 Storm City Hall In Men-
acing Demonstration

TEN WOUNDED IN THE RUSH

Central Government Must Move
Quickly To Thwart Red Outbreaks
In Saxony And Thuringia

By CARL D. GROAT
(U. P. Staff Correspondent)

Berlin, Oct. 16.—Five thousand hungry unemployed stormed the main city hall near Alexander Platz today in one of the most menacing demonstrations since the food shortage became so acute.

At least ten are known to have been wounded in the rush when police cordons advanced on the mob and drove the most daring of the demonstrators back five blocks from the building.

Still determined, the crowds rushed to the Bourse where the brokers were seen hurriedly leaving the building and seeking refuge in less conspicuous places.

Wilhelmstrasse was closed today as a precautionary measure.

With the first of the German government's financial reforms ready to relieve the growing hunger and destitution of the country, new and stronger measures are demanded in Chancellor Stressemann's own paper to check the threatened break-up of the republic.

"Die Zitt," in an article apparently inspired by the chancellor or some one well acquainted with his views, today declared the central government must move energetically to thwart red outbreaks said to be brewing in Saxony and Thuringia.

Scare-flights played last night on the market place buildings in Salzgitter to detect any attempt at looting, and squads of soldiers were ready to deal with mobs while in other parts of the country, even in Berlin itself, rioting arising from desperation over inability to obtain food was wide-spread.

The government's first dictatorial measure to stabilize money values will, it is announced, be the establishment of a renten-bank which will issue the "rentenmark," up to one milliard gold marks, guaranteed by mortgages of land, industry and commerce.

INVESTIGATE THEFT IN CARTHAGE HOME

Sheriff Hunt And Chief Blackburn
Called Following Robbery Of
John Gates' Home

FURNISHINGS CARRIED AWAY

Sheriff Hunt and Police Chief Blackburn were in Carthage Monday night investigating the robbery of the residence of John Gates, owner of a variety store in that place, who called in the authorities and also employed a detective from Indianapolis to assist in tracing what he believed was several clues.

The dwelling house was entered Sunday during his absence, and a considerable amount of furnishings were carried away, including all of the bed linen, table linens, fancy work and personal belongings of his wife.

His gold watch was also in the list of things taken but a diamond ring and a locket ring were left on a table, pinned to a cover, and were probably overlooked at the last minute by the thieves. Entrance was gained with a pass-key at the front door.

Mrs. Gates has been taking treatment in a hospital at Indianapolis, and was expected home this week.

Several possible clues were being worked on. The loot was valued at several hundred dollars, according to Mr. Gates.

UNLAWFUL DRIVING CHARGED

Ether Swift Of Indianapolis Return-
ed Here For Trial

Ether Swift, 27, who lives at 920 East Market St. Indianapolis, was arrested in that city Monday night on a charge preferred against him in the city court of Rushville, and he was returned here this afternoon by Police Chief Blackburn who went to Indianapolis for him today.

He is charged with unlawfully driving a motor vehicle, and other alleged violations of the vehicle law, following an automobile accident at Arlington a week ago last Sunday. His machine figured in a collision with another machine, and Francis M. Christensen, 1808 Mansfield Avenue, Indianapolis, preferred the charges against him in the court here. The defendant will probably be arraigned before Mayor Thomas Wednesday.

FARM PROBLEMS ARE DISCUSSED

Men From Widely Separated Parts
Of Rush County Speak To Rotary
Club Today Noon

FARMER CAN SAVE HIMSELF

Unanimous In Opinion That He Can
Work Out His Own Problems—
Against Price Fixing

Following up two previous meetings, in which the needs and advantages of Rushville were discussed, the Rotary club today heard speakers from widely separated parts of the county deal with the condition of the farmers.

They were unanimous in their opinion that the farmer would work out his own destiny, that legislation would not cure any of his ills and that he did not need any further credit.

Elmer Hutchinson of Arlington spoke on "The Prince of Wheat And Its Relation To The Community"; Will Logan of Noble township, on "Absentee Landlordism"; Walter Richey of Anderson township on "The Co-operative Spirit"; Carl Miller, agricultural teacher in the Walker township schools, on "Vocational Education"; Wilbur Gray of Jackson township, on "Hog Production"; Bert Benner, cashier of the First National Bank of Mays, on "Shall The Farmer Be Extended More Credit?" and Dr. C. L. Smoller of Raleigh, on "The Co-operation of Towns of the County With The County Seat and The Remainder of The County."

Other guests present today were Sidney Sapp of Holbrook, Arizona, a Rotarian, and Elmer Stevens of Orange, whom he is visiting, and Dick Wilson of Laurel.

Mr. Hutchinson said that three factors control the price of wheat, namely: The wheat on the market, the invisible supply, which has to be estimated, and what the farmer will produce during the next year.

"The farmer will work out his own problems," he said, "if the politicians will leave him alone. The fellow who is howling the most is the one whose business was inflated the most during the war. The government can not solve his problems by fixing the price of wheat."

He asserted the sooner the government wipes out the Adamson act and allows individualism to assert itself, just so much sooner will the farmer recover.

Mr. Logan declared that there were some instances when an absentee landlord may be excused for leaving his business, but that a man never reaches the stage where he can afford to cease to be a builder.

In the list of defects at this school appears the following: throat 125;

nose 18; eyes 49; glands 130; teeth 82; skin 8; ears, 5; heart 9; and lungs 2.

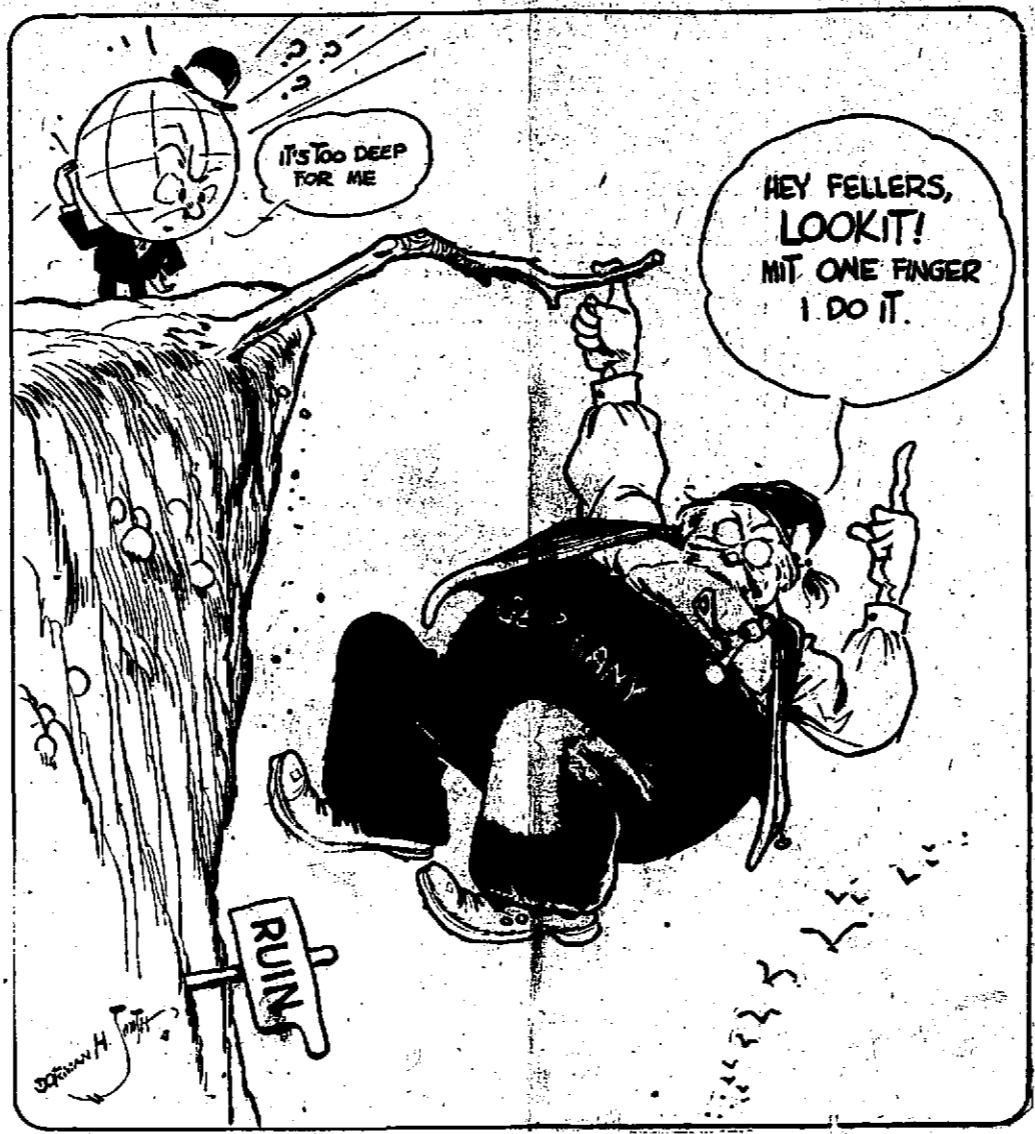

There were several pupils in the building however, who were physically without defects, and those were listed as follows:

Denzel Sweet, Lowell Waggoner, Robert Kinnear, Virginia Payne, Frances Beale, Thelma Pate, Jefferson Jones, Dora Glare, Lucy Webb, Curtis Hester, Loretta Abernathy, Mable Cox, Herschell McCrory, Thomas Dugle, Betty Flechart, Georgia Gohring, Ruth Sanders, Ruby Campbell, and Evelyn Martin.

It will take several days to complete the work at the Havens school, as Dr. Lee and his assistants work only of morning.

WILL WONDERS NEVER CEASE?

PHYSICAL TEST REPORT IS MADE

Many Defective Children Found As
Result Of Examination At
Jackson School

SOME WITHOUT DEFECTS

Dr. Lee And Assistants Complete
Work And Are Now Examining
Pupils At Havens School

The physical examination of school children, started at the beginning of the school term, has been completed at the Jackson building, and a report made of defects found among the children, and the work is now being continued at the Havens building.

The work of examining the school children is in charge of Dr. J. M. Lee, the school physician, assisted by the Woman's Council, a nurse and by Mrs. Allie Aldridge, a member of the school board.

It is the record that the Children Welfare association has taken each year in order to locate the physically defective children whose parents are not able to pay for the corrections.

The association has made it a practice to pay for the correction of the defects upon consent of the parents, and much good has been accomplished in the past few years by the association in correcting the defects of the children, who otherwise would have to suffer.

Defects found among the pupils of the Jackson school building are numerous, with some very serious ailments which will have to be corrected at once, or the health of the pupil will be retarded.

In the list of defects at this school appears the following: throat 125;

nose 18; eyes 49; glands 130; teeth 82; skin 8; ears, 5; heart 9; and lungs 2.

There were several pupils in the building however, who were physically without defects, and those were listed as follows:

Denzel Sweet, Lowell Waggoner, Robert Kinnear, Virginia Payne, Frances Beale, Thelma Pate, Jefferson Jones, Dora Glare, Lucy Webb, Curtis Hester, Loretta Abernathy, Mable Cox, Herschell McCrory, Thomas Dugle, Betty Flechart, Georgia Gohring, Ruth Sanders, Ruby Campbell, and Evelyn Martin.

It will take several days to complete the work at the Havens school, as Dr. Lee and his assistants work only of morning.

MRS. MALINDA J. CROSS DIES

Wife Of William Cross Expires This
Morning At Age Of 73

Mrs. Malinda J. Cross, wife of William Cross, died this morning about eight o'clock at the family residence, corner of Willow and Eighth streets, death resulting from a long illness of a complication of diseases.

The deceased was 73 years of age, and had lived the greater portion of her life in this city and county. Several children survive, with the husband.

The funeral services will be held Thursday afternoon at two o'clock at the late residence, in charge of the Rev. L. E. Brown, and burial will be made in East Hill cemetery.

Visiting Governors

31 EXPECTED TO ATTEND

After Meeting In Indianapolis They
Will Proceed To West Baden For
Their Session

(By United Press)

Indianapolis, Ind., Oct. 16.—Gov. Warren T. McCray, host to the 15th annual governor's conference, was busy around the state capitol today making final preparations to entertain the 31 visiting governors who will meet here Wednesday morning before proceeding to West Baden, Ind., where the conference is to be held.

The state executives began arriving today, most of them going directly to meet McCray.

Upon adjournment of the conference Friday, most of the governors plan to go to Washington where they have been invited to a conference called by President Coolidge.

Following are the governors who have notified McCray they would attend the annual session:

W. W. Brandon, Alabama; William E. Sweet, Colorado; Charles Templeton, Connecticut; William D. Denney, Delaware; Cary A. Hardee, Florida; Clifford M. Walker, Georgia; John Hamill, acting governor of Iowa; John M. Parker, Louisiana; Percival P. Baxter, Maine; Chapman H. Cox, Massachusetts; Alex J. Groesbeck, Michigan; J. A. O.

Campbell, and Evalyn Martin.

It will take several days to complete the work at the Havens school, as Dr. Lee and his assistants work only of morning.

CELEBRATE OVER TRABUE ELECTION

Knights of Pythias Hold Jollification
Meeting Evening Over Success of
Their Candidate

GRAND OFFICERS PRESENT

Elmer Bassett, Grand Chancellor,
Grand Secretary and Past Grand
Chancellor Are Speakers

A large crowd of members of the Knights of Pythias lodge and Pythian Sisters attended the meeting Monday evening to celebrate over the election of Samuel L. Trabue as grand outer guard of Indiana Knights of Pythias, in Indianapolis week before last. His selection to a grand office will mean his ultimate elevation to the highest office in Pythianism in Indiana.

Present and past grand officers were present and felicitated the successful candidate as well as the Rushville lodge over the victory, which was especially sweet, in view of the fact that all opposition wilted before Mr. Trabue and his election was made unanimous.

Rushville lodges, churches and civic organizations were represented on the program, as was the Milroy Knights of Pythias lodge, which is the only one in Rush county outside of Rushville.

Bert Conde, master of finances, presided during the program and the first address was made by the Rev. Gibson Wilson, pastor of the First Presbyterian church, who represented the churches of Rushville. Following a selection by McGinnis' orchestra, J. T. Arbuckle representing the Odd Fellows lodge and the Kiwanis club, brought greetings from these two organizations. Mr. Arbuckle is a past grand master of the I. O. O. F.

Charles Soy of Swayzee, Ind., who was a candidate for grand outer guard this year and withdrew in favor of the Rushville man, was present for the jollification and congratulated Mr. Trabue and the Rushville lodge on the recognition they obtained at the state meeting. Mr. Soy will be a candidate for the same position next year.

Dr. Frank Priest of Marion, Ind., past grand chancellor, added his praise to that of Mr. Soy's for the new grand officer and the activities of the Rushville lodge.

Hubert Innis spoke as the representative of the Milroy lodge and Walter Peters of Iowa, formerly of

EIGHTEEN DAYS TO PAY TAX

Collections Will Have to Average
\$20,000 Daily If All is Paid

With the last day for paying the fall installment of taxes only eighteen days away, taxpayers are beginning to pay their taxes in increasing numbers each day, the collections on the fall payment to date amounting to \$78,879.29.

It is estimated that the fall installment on the tax duplicates amounts to \$440,000. This leaves a balance of \$361,121 to be paid in eighteen days. If the total of the fall installment is collected, payments will have to average approximately \$20,000 a day.

CARRIES CASE TO AMERICAN PEOPLE

Lloyd George Not Disturbed by Cau-
tious White House Spokesman
Who Expects Nothing

HOPES PEOPLE WILL ACT

Having No Official Status, Former
British Premier Wishes to Arouse
Sentiment

By LAWRENCE MARTIN
(U. P. Staff Correspondent)

With Lloyd George, St. Charles, Ill., Oct. 16—Lloyd George is out to carry his case for American aid in settling world problems directly to the people.

He is not disturbed by the fact that the administration at Washington, speaking through the cautious White House spokesman, has stated it is not expected that anything will come of the Lloyd George plan for preserving world peace through an American-British understanding.

Lloyd George does not expect the American government to do anything now about this idea of his. He does not expect anything to come of it ever unless the American people impell their government to action. He cannot speak to governments; he has no official status.

But he always has been an expert at talking to the common people.

He believes that if the American common people understand that until they throw the weight of their influence into the scales of peace, there will be no peace in Europe, they will demand that Washington take whatever steps can be taken, in consonance with American traditions to do that.

Having sounded his message yesterday a big enthusiastic audience of northwesterners, Lloyd George intends to keep on sounding it in every section of the country where he speaks.

So Writes Woman After
Taking Lydia E. Pinkham's
Vegetable Compound

Jamestown, N. Y.—"I was nervous, easily excited and discouraged and had no ambition. Part of the time I was not able to sit up as I suffered with pains in my back and with weakness. I took Lydia E. Pinkham's Vegetable Compound, both the liquid and tablet forms, and used Lydia E. Pinkham's Sanative Wash for inflammation. Today I am real well and run a rooming house and do the work. I recommend your medicine to every woman who complains, and you may use my letter to help any one else. I am passing through the Change of Life now and I keep the Vegetable Compound in the house, ready to take when I feel the need of it."—Mrs. ALICE D. DAVIS, 203 W. Second St., Jamestown, N. Y.

Often some slight derangement may cause a general upset condition of the whole system, indicated by such symptoms as nervousness, headache, lack of ambition and general weakness.

Lydia E. Pinkham's Vegetable Compound will be found a splendid medicine for such troubles. In many cases it has removed the cause of the trouble.

"I came here to see and hear, to learn of you," he said. "I did not intend to make speeches, nor wish to. But I have to make them. And I must tell you therefore what is in my heart."

In his speech yesterday, Lloyd George called on America "to help Europe make peace." Until the United States does, he said, "I despair of the future."

He added that America, he hoped, "would come in due time and in its own way."

The British statesman was greatly impressed by the virility of the men he met in Minneapolis and St. Paul yesterday. Particularly was he interested in Senators Henrik Shipstead and Magnus Johnson. He would not be quoted on his opinion of them, but he told members of his party that they assuredly have something that speaks in the voice of the great common people."

Lloyd George was to inspect the home established here by the Loyal Order of Moose as the guest of Secretary of Labor Davis and was scheduled to reach Chicago at noon.

Lloyd George and his party arrived here bright and early and transferred from the Great Western train to automobiles for the ten mile drive to Mooseheart.

The party leaves Mooseheart for Chicago at 10:30.

Chance For Little Ring Fellows

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Oct. 16—Some of the little fellows who didn't get near the festive tables that were set all during the summer will have a chance to pick up some crumbs during the indoor boxing season.

Practically all of the big champ-

ionship cards were used up during the biggest outdoor season of years and the promoters in arranging winter bouts will have to call upon the lighter classes and the less celebrated lights to provide the entertainment.

Jack Dempsey is through until next summer, around New York at least, and Benny Leonard considers himself too big a card for "logical con-

tenders" under a roof. They are the best drawing cards in the game.

Jim Coffroth has been talking about using Dempsey in a fight during the winter season at Tijuana, but it is doubtful that he can find an opponent who would be a card good enough to draw the gate necessary to pay the champion.

Coffroth was talking some about matching Harry Wills and Dempsey, but from reliable information it was learned that he was using Wills, only intended to use the colored fighter, as he considers him a very poor attraction in California, where Wills has made four very bad fights.

Wills, should be able to get some work around New York if he gets down off his high horse and forgets that he is "the logical contender". As long as the colored challenger of

the champion refuses to do anything asked of him, it will become more and more apparent that he does not care to take any chances and that he is desirous only of a big loser's end with the champion.

Battling Siki, being a curiosity, ought to be able to get some good purses next winter if the New York boxing commission is able to learn which of the six or seven who claim his contract is his real manager.

Tommy Gibbons ought to get anything he wants for fighting this winter and there should be plenty of work for him. Promoters all over the country would like to use him but he is booked up almost through the winter with vaudeville and movie contracts. Perhaps he is making a lot of money from these outside sources, but he is losing many opportunities for some fine purses.

Tex Rickard would like to put Gibbons on in three shows in Madison Square Garden. It has been suggested that Gibbons fight Floyd Johnson, and Gibbons is willing if a date suitable to both of them can be arranged. Other bouts for the St. Paul heavyweight have been suggested with Jack Renault, the Canadian heavyweight, who has been stepping along almost sensational. Leo Flynn, however, would want a lot of money to get Renault knocked over. He wanted \$30,000 to let Bill Brennan fight Gibbons more than a year ago.

Gibbons would like to have Mike McTigue or Gene Tunney, from whom it would be possible to get a light heavyweight title, but neither one of them will have a thing to do with the only fighter who ever went the limit against the heavyweight champion.

There is a Remington Game Load for every kind of game in this locality. Each one is loaded to give safe and uniform velocity, pattern and penetration—the right shooting quality for that particular kind of game.

The load pictured above is the Remington Heavy Duck Load. It comes in 12-gauge with either No. 4, 5 or 6 Shot and in 20-gauge (the hard hitting 2 1/4" shell) in No. 6, 7 or 7 1/2 Shot. The velocity, pattern and penetration are right for big ducks, and for long range shooting when they are flying high. Sure and safe!

Remington Game Loads are loaded in the famous Nitro Club Wetproof Shells. Here is the complete list:

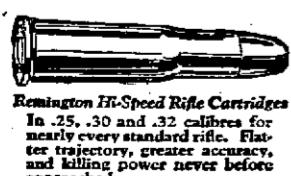

DUCK LOAD	RABBIT LOAD	SQUIRREL LOAD
HEAVY DUCK LOAD	QUAIL LOAD	SNIPE LOAD
GOOSE LOAD	GROUSE LOAD	DOVE LOAD
BUCK SHOT LOAD	TRAP LOAD	

Powder varies—Remington Game Loads do not!

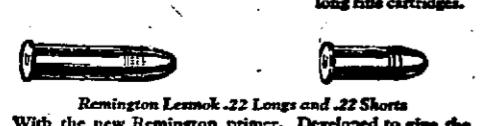

Remington Metallics

The first successful metallic cartridges ever made were produced by Remington 65 years ago. Practically every betterment in rifle and pistol ammunition has been invented and developed by Remington. Dependability and accuracy make Remington Cartridges outsell all others.

Remington .22 Long Rifle
"Palma" Cartridge
Beyond question the most uniform small bore ammunition ever developed. The super-accurate .22 long rifle cartridges.

With the new Remington primer. Developed to give the owner of the .22 a dependable sure-fire load.

WHAT MOTORIST WANTS A CAR WITHOUT PEP?

The best engine will use up its pep if not kept in condition. Little disarrangements soon make big ones, and big ones destroy cars. Repair bills can be kept down and engine pep can be maintained at the maximum if you come to us in time, the moment you notice a "tired feeling" on the part of your motor.

We make all kind of repairs on all makes of cars, and charge only moderate prices.

STEEL MARKET IS IN SLIGHT SLUMP

Seasonal Declines in Automobile Production Caused Reduction in Output of Steel Mills.

GOOD 1924 BUSINESS SEEN

Decline in Production Expected to Continue Throughout October And Possibly Into December.

By BRUCE SHORT
President, The Engineering Sales Corporation

(Written for United Press)

Indianapolis, Ind., Oct. 16—Seasonal declines in automobile production has caused a slight slump in the steel market and forecasts a still further reduction in the output of the mills. Two purposes are behind the curtailment of the motor industry, one being the slackened winter demand and the other being attributed to reduction of stock for inventory.

Data issued by the steel mills for September business showed a further reduction of about six percent in the output of pig iron. The decline is expected to continue throughout October and possibly into December. Fifteen blast furnaces were blown out in the U. S. during September. The significance of this number being closed may be more readily seen in realization of the fact that there are only 295 blast furnaces in the entire nation.

Despite this present condition in the steel industry, steel producers foresee a satisfactory business in 1924, even in the face of a presidential election, when business conditions usually are not sound. Business has looked behind the smoke screen of politics and found that the dire calamities predicted by professional politicians in event of their defeat have not materialized in the past. This observation was followed by the realization that conditions are not dependent upon the political outcome of any election so much as they depend on the extent of personal energy and perseverance exercised by the general public.

So far as steel prices are concerned and so far as the steel market affects all other lines of endeavor, there has been no radical change in conditions except for the slump in production. The only price change in several weeks took place last week when hot rolled strip steel was reduced \$3 a ton. In view of the curtailed production and rising costs, the chances are against any further appreciable reductions.

MANY LIVESTOCK OWNERS GET BETTER SIRE SIGN

Wide distribution of the lithographed sign "Purbred Sires Exclusively Used on This Farm" is now being made by the United States Department of Agriculture in cooperation with the states in connection with their "Better Sires—Better Stock" activities.

Many of the signs are being distributed to persons who already have enrolled in the organized plan for livestock improvement through better sires, but requests are also being received from persons who have seen the sign and wish to qualify for it.

According to department records, more than 12,000 livestock owners in the country are now known to be using purbred sires for all classes of livestock kept. These persons have agreed also to follow methods leading to further improvement.

Dec. 4 marks the close of the competition, Burris said.

"Highway Safety Habits I Should Learn" is the subject specified for the essays. Themes should be of 500 words or less. Pupils from the fifth, sixth, seventh and eighth grades under fourteen years of age may submit manuscripts.

State winners will receive the following prizes, Burris announced:

First, gold medal and \$15; second, silver medal and \$10; third (eleven awards) bronze medals and \$5.

National awards follow: First, trip to Washington and a gold watch; second, gold watch, and third, a gold watch.

The essays must be in ink and typewritten, must be illustrated by an original drawing or photograph or a news clipping and the first page must bear the name and address of the competitor. Essays must be handed to the school principal or designated teacher not later than December 4, Burris said.

The same general rules cover the subject of teachers' essay: "Training Children in Habits and Safety on the Highways," which must be between 1,000 and 3,000 words. Elementary teachers are eligible to compete.

The National awards are: first, \$500 and a trip to Washington; second, \$300 cash; third, \$200 cash.

Everybody welcome whether they want to buy or not.

ONE CENT SALE!

Next Thursday, Friday and Saturday

October 18th, 19th, and 20th

WHAT IS A ONE CENT SALE?

It is a sale where you buy an item at the regular price — then another item of the same kind for 1c. As an illustration
The standard price of Rexall Tooth Paste is 25c. You buy a tube at this price, and by paying 1c more, or 26c, you
get two tubes. Every article in this sale is a high-class standard piece of merchandise, just the same as we sell you
every day at regular prices, and have sold you for years.

A NEW WAY OF ADVERTISING

This sale was developed by the United Drug Co. as an advertising plan. Rather than spend large sums of money in
other ways to convince you of the merits of these goods, they are spending it on this sale in permitting us to sell you
a full-size package of high standard merchandise for 1 cent. It costs money to get new customers, the loss taken
on this sale will be well spent if the goods please you.
